We maintain a record of your completed personal profile including details of your objectives, financial situation, needs and other personal information. For more information on how to access these records, please see the Privacy section.

Limits of the Advice

It is important to understand that the advice your Financial Advisor provides may be limited because:

- You have provided incomplete personal information
- You have sought specific advice e.g. only in respect of superannuation
- Your Financial Advisor has a limited authorisation
- Your Financial Advisor is restricted to advising on products on our approved product list
- Your Financial Advisor is restricted to dealing and advising on products permitted under our licence.

In formulating recommendations, your Financial Advisor may consider legal and estate planning implications. As we are not specialists in these areas, you should seek further advice, as relevant, from an appropriate specialist.

Based on the information collected from you, we will consider the tax consequences that relate directly to the financial advice being provided. However, although Tasmanian Private Wealth Advisers Pty Ltd is registered with the tax practitioner board as a tax (financial) advisor, it is not a Registered Tax Agent and consequently this advice does not include an assessment of your overall tax position. As such, we strongly recommend you review this advice with a Registered Tax Agent for the purpose of completing tax returns and for detailed tax advice on your overall financial position.

How you can give us Instructions about your Financial Services

You can contact us directly with any instructions relating to your financial services. This includes giving us instructions by telephone, mail or email. We can only accept your instructions via email once you have signed an authority form.

These prices should be used as a guide only. We will discuss your individual needs and agree our costs with you. The final cost will be based on the complexity and extent of services we agree to provide you. These fees will also be provided within your SoA.

Ongoing Advice Services

We offer ongoing advice services as part of our client value proposition. Our ongoing advice service fees are an asset-based fee for funds under management, and are listed below inclusive of GST.

Our current Asset Based Fee is calculated as follows:

*(i) 0.88% per annum including GST for amounts up to \$1,000,000
And reducing to*

*(ii) 0.44% per annum including GST for the excess above \$1,000,000
And reducing to*

(iii) 0.22% per annum including GST for the excess about \$10,000,000

Please note: At your annual review, if there are any further advice requirements that need to be documented, your financial advisor will provide a quote for you to approve prior to proceeding.

Your tailored ongoing service package will be discussed and agreed with you based on your individual needs and goals. The cost of these services will be provided and explained to you in detail by your Financial Advisor and detailed in your initial SoA.

Payment Methods

Where you have asked to be invoiced directly for our advice and services we will provide you with an invoice at the time of presenting our advice. Payment is required within 7 days of receiving our invoice and can be paid by:

- Credit Card
- Electronic funds transfer (EFT)
- Where you have chosen to pay our initial advice fees via your product, these fees will be deducted from your product upon implementation of our advice.

Risk Insurance Commissions

Risk insurance product providers will pay Tasmanian Private Wealth Advisers upfront and on-going commissions if you proceed with a risk insurance product one of our Advisors recommends to you. The upfront commission payable to Tasmanian Private Wealth Advisers for advising on and implementing risk insurance financial products for you can range as per below.

Commission caps

The ASIC Instrument provides for a transition period in respect to the limits on commission (inclusive of GST), so that commission is capped at 66% of the premium for the first year of the policy, from 1 January 2020.

The ASIC Instrument also caps commission (inclusive of GST) for subsequent years following the first year of the policy at 22% (there is no transition period in respect to this cap). Further, if the benefit is given because of a client initiated increase, then specific formulae apply.

For example, on an insurance premium of \$1,000 (year 2020) that is paying 66% initial commission and up to 22% on-going commission, the upfront commission may be \$660 once-off and the on-going commission would be \$220 per annum.

There will be a 100% clawback of commission where the life insurance policy is cancelled, not continued or the

policy cost is reduced in the first year and 60% clawback of commission in the second year.

As we use commissions as a way to offset your costs for advice, where a clawback of commission applies (i.e. policy cancellation), the full value of the clawback will be invoiced to you, and payment due within 7 days.
